The Clinical and Translational Research Center provides ancillary support for human research study protocols to underserved populations through outstanding education, research, and clinical services in the context of community engagement.

CTRC Facility at CDU
- 7 exam/procedure rooms
- Experienced and bilingual clinical staff
- On-Site Pharmacist
- Sample Processing Laboratory
- Consultation Room
- Conference Room

What services do we offer at the CTRC?
- Reduced - cost for clinical research services and laboratory assay fees
- Pharmacy Services including but not limited to study drug procurement, randomization, medication dispensing and pharmaceutical waste disposal
- Sample Processing Laboratory services include ambient and cold centrifuge, aliquoting, storage, and sample tracking
- Participant Transportation one-way or round-trip within a 15 mile radius of CDU campus
- Flexible scheduling for study participants, walk-in visits welcomed and Saturdays by appointment
- Collaborative Community Research Partners with direct access to CDU’s Community Engagement Faculty and weekly radio broadcast
- Conference accommodations equipped with convenient technology for small meetings and focus groups
- IRB submission and budget preparation assistance
- Additional resources available as part of a cross-organizational collaboration with Cedars Sinai, LA BioMed/Harbor-UCLA and UCLA

CTRC Staff at CDU
- Medical Director: David Martins, MD
- Administrator: Holly Johnson, MPH
- Nurse Manager: O. Laurice Pitts, LVN
- Pharmacist: Peter Tom, Pharm D

Location, Contacts & Hours:
Charles R. Drew University of Medicine and Science
1748 East 118th Street
Life Sciences Research and Nursing Education BLDG
Los Angeles, CA 90059
Phone: 323.568.3359
Fax: 323.563.5872
crcclinical@cdrewu.edu

Monday – Friday
6:30 am - 5:00 pm
Saturdays by Appointment

### Biostatistics, Epidemiology and Research Design
This program provides biostatistical and data management support, grant preparation, education and bioinformatics/computational biology services to CTSI research teams. **Staff contact:** domstat@mednet.ucla.edu

### Community Engagement and Research Program
This program develops, implements, and refines models of community engagement and facilitates research collaborations with community partners. **Staff contact:** Ibrahima Sankare, isankare@mednet.ucla.edu

### Informatics Program
The Informatics Program provides databases, tools, resources and infrastructure for the acquisition, storage and analysis of data. **Staff contact:** Marianne Zachariah, mzachariah@mednet.ucla.edu

### Integrating Special Populations
This program focuses on catalyzing and strengthening research in three special groups: children, older adults, and groups affected by health disparities. **Staff contact:** Nathalie Vizueta, nvizueta@mednet.ucla.edu

### Network Resources
This program consists of two units: 1) The Clinical Research Acceleration Unit (CRAU) interacts with the CTSA Network Trial Innovation Centers (TICs) to ensure rapid study start-up of clinical trials and assist investigators with high priority studies; 2) The Recruitment Unit has been established to interact with Research Innovation Centers (RICs) to ensure rapid subject recruitment to clinical trials. **CRAU contact:** Hazel Xavier, hxavier@mednet.ucla.edu, **Recruitment Unit contact:** Marianne Zachariah, mzachariah@mednet.ucla.edu

### Participant and Clinical Interactions
This program provides scientific review and data and safety oversight. **Helen Williams-Bayne**, hwbayne@mednet.ucla.edu (UCLA) **Holly Johnson**, hollyjohnson@cdrew.edu (Charles Drew) **Raquel Gutierrez**, gutierrez@labiomed.org (Harbor/LA BioMed)

### Pilot, Translational and Clinical Studies Program
This program provides seed funding for collaborative research, team-building activities and development of novel technologies and approaches. **Staff contact:** Deborah Herman, dkherman@mednet.ucla.edu

### Population Health
This program equips health agency personnel with skills to introduce and sustain critical translational science methods. **Staff contact:** Moira Inkelas, minkelas@mednet.ucla.edu

### Precision Health
This program mobilizes and integrates genomic data with clinical data for translational research that involves genetics, genomics, patient phenotypes, and biomaterials. **Staff contact:** Clara Lajonchere, clajonchere@mednet.ucla.edu

### Regulatory Knowledge and Support
This program ensures that our research is in full regulatory compliance and meets the highest quality assurance standards. **Staff contact:** Terra Hughes, thughes@mednet.ucla.edu

### Team Science
This program develops new theoretical and evidence-based tools to improve, assess, and evaluate the capacity of interdisciplinary and translational science teams to effectively combine team members’ diverse expertise. **Staff contact:** Deborah Herman, dkherman@mednet.ucla.edu

### Workforce Development Program
This program houses most of our education and training activities, including KL2 and TL1 awards for mentored research. **Staff contact:** Lisa Chan, lchan@mednet.ucla.edu
