**Responsible Conduct of Research**

*Continuing Education Courses*

---

**Los Angeles Biomedical Research Institute**

**On Being a Scientist-- the Scientific Method/Research Misconduct Instructor:** Laidlaw, Stewart, PhD  
**Term:** Fall Quarter  
**Description:** Responsibility of a scientist with regard to conduct of research.  
**Audience:** Investigators and research staff  
**Parking:** Student/staff

- Review of misconduct, including falsification, fabrication and plagiarism  
- Regulatory response to instances of scientific misconduct  
- The Institutional position including its assurance  
- Role of the Ethical Standards in Research Committee.

**Protecting Human Study Volunteers Instructor:** Laidlaw, Stewart, PhD  
**Term:** Fall Quarter  
**Description:** Human Subjects’ protection  
**Audience:** Investigators and research staff  
**Parking:** Staff/student

- Historical perspective, ethical response, regulatory response, institutional review boards, informed consent, applying and interpreting the regulations, special protections for vulnerable subjects

**Practical Issues in the Conduct of Research Instructor:** Laidlaw, Stewart, PhD  
**Term:** Fall Quarter  
**Description:** Data acquisition, management, sharing and ownership, mentor/trainee responsibilities, publication practices, responsible authorship, peer review, collaborative science  
**Audience:** Investigators and research staff  
**Parking:** Staff/student

**Case Discussions Instructor:** Laidlaw, Stewart, PhD  
**Term:** Fall Quarter  
**Description:** Course participants will discuss specific scenarios and the ethical issues involved. The format will be round table with a discussion leader to guide the discussion.  
**Audience:** Investigators and research staff  
**Parking:** Staff/student

*Individualized training sessions are also available; please contact Anthony Wheaton at 310-222-2503 or awheaton@labiomed.org for more information.*

---

**BIOMATH M261 Responsible Conduct of Research Involving Humans**  
**ID:** 533346200  
**Instructor:** Korenman, Stanley, MD  
**Units:** 2  
**Term:** Fall Quarter  
**Time:** 4:00-6:00PM  
**Room Number:** CHS 63-105  
**Description:** RCR for clinical research  
**Enrollment Capacity:** 25  
**Fee:** Varies with school  
**Audience:** Graduate students  
**Parking:** Student
• Professionalism and the Ethical Imperatives of Clinical Research, Wenger, Neil, MD
• Protection of Research Subjects-- the IRB process, Friend, Sharon, MS
• Research Facilitation and Oversight, Shaker-Irwin, Laurie, PhD, MS
• Conflicts of Interest, Pollack, Ann
• Genetics and Stem Cell Research, Raffel, Leslie, MD
• Responsible Conduct of Community and International Research, Detels, Roger, MD

EPIDEM 273 Responsible Conduct of Research, Global Health ID Number: 844438200 Instructor: Shafir, Shira, PhD Units: 2 Term: Spring quarter Day: Friday Time: 1:00-2:50PM Location: HLTHSCI 43105A Course Description: Fundamentals of public health ethics Enrollment Capacity: 25 Fees: Varies with school Audience: Graduate students Parking: Student

PUBHLT Y1671 Quality Improvement, Performance Management, and Information Technology in Health Care Organizations Registration Number: ID Number: PUBHLT X 446 Instructor: Roby, Dylan, PhD Units: 4 Term: Fall and spring quarters Day: Wednesday Time: 6:30-9:30PM Location: CHS 41-268 Description: Quality management, healthcare Fees: $965.00 Audience: Students/staff Parking: Student/staff

Conflict of Interest Registration Number: LACCHR0267-20120522 Instructor: Mallette, Linnaea Date: May 22, 2012 Time: 9:00AM-3:00PM Location: UCLA Training Center Suite 1080 Course Description: Conflict of interest issues for researchers Fees: $37.00 Audience: Anyone interested in the topic Parking: Staff

Responsible Conduct of Research Instructor: Pollack, Ann Date: Reoccurring Time: Anytime Location: Online Course Description: RCR training for NSF funded researchers Fees: Free of charge for UCLA staff/students Website: Visit the UC Learning Center at http://map.ais.ucla.edu/go/1004570. The website requires a UCLA login and password.

Professionalism and Ethics Instructor: Cook, Ian Term: Spring Time: 3:00PM-4:00PM Location: Semel/NPI 67-418

Ethics Instructor: Spar, James Term: Summer Time: 2:00PM-3:00PM Location: Semel/NPI C8-872

Orientation Training For Biosciences PhDs and Postdoctoral Scholars Coordinator/Instructor: Yamamoto, LT, PhD Date: Orientation week, Fall Quarter (graduate students); quarterly (postdoctoral scholars); Time: varies Location: varies Description: The orientation workshops offer new pre and postdoctoral trainees instruction in best practices, safety, ethics, and career development from the very start of their UCLA scientist careers and include the following topics:

Best practices in Science
• Maintaining a Lab Notebook
• Data Acquisition, Management, Sharing and Ownership
• Designing a Well-Controlled Experiment with Proper Statistical Support
• Collaborative Science
Scientific Ethics
- Plagiarism and Proper Citation
- Research Misconduct
- Conflict of Interest and Commitment
- Gender and Power Abuse
- Mistreatment and Civility
- Responsibility to Funders: Government, Foundations, Business, Donors

Career Development
- Individual Development Plan
- Mentor and Trainee Responsibilities
- Communicating Science

CHEM 203A Research Integrity and Ethics in Cellular and Molecular Biology ID Number: 542019200
Instructor: Clarke, Steven PhD Units: 2 Term: Fall quarter Day: Tuesday Time: 10:00AM-11:50AM
Location: Boyer 130 Course Description: Data analysis/management, human and animal subjects protection Enrollment Capacity: 50 Fees: Varies with school Audience: Graduate students Parking: Student

CHEM 203B Ethics in Biomedical Research ID Number: 542015200 Instructor: Teplow, DB/Houk, KN Units: 2 Term: Spring Quarter Time: 2:00-2:50PM Location: MOL SCI 3440 Description: Ethics in graduate education Enrollment Capacity: 50 Fees: Varies with school Audience: Graduate students, Parking: Student

MIMG C134 Ethics and Accountability in Biomedical Research ID Number: 145504200 Instructor: Yamamoto, LT, PhD Units: 2 Term: Spring Quarter Day: Tuesday or Wednesday Time: 4:00PM-5:50PM Location: HLTHSCI 13105A Description: Ethical conduct in research, data management Enrollment Capacity: 100 Fees: Varies with school Audience: Graduate students and Postdoctoral Scholars Parking: Student

MIMG C134 Ethics and Accountability in Biomedical Research ID Number: 145504201 Instructor: Yamamoto, LT, PhD Units: 2 Term: Spring Quarter Day: Wednesday Time: 4:00-5:50PM Location: HLTHSCI 13105A Description: Ethical conduct in research, data management Enrollment Capacity: 5 Fees: Varies with school Audience: Graduate students Parking: Student

MCDBIO60 Biomedical Ethics ID Number: 269180201 Instructor: Blasé, TT/Banerjee, U Units: 5 Term: Fall, Winter, Spring Time: 3:00PM-4:20PM Location: MS 5200 Description: Bioethics, research Enrollment Capacity: 120 Fees: Varies with school Audience: Students Parking: Student

OHRPP Noontime Education Series Instructor: OHRPP staff, Time: 12:00PM-1:00PM, Location: 11000 Kinross, Suite 210 Description: Issues in research Audience: Anyone interested in the topic Parking: Staff/student RSVP: OHRPPEducation@research.ucla.edu

- Working with Children
- Informed Consent Waivers
- Tips for Speeding Up Biomedical Applications
- Avoiding Pitfalls in webIRB
- Recruiting and Screening
- Research Involving New Medias

OHRPP Learn at Lunch Series Instructor: Faculty and staff Time: 12:00PM-1:00PM Fees: N/A Audience: Research staff including coordinators, associates, and anyone interested in RCR Parking: staff/student
RSVP: OHRPPEducation@research.ucla.edu

- Gene Therapy, Ribas, Antoni, MD, CHS 17-323, February 2, 2012
- Post-Approval Reports, Okeya, Bette, PharmD, CHS 17-323, March 12, 2012
- Tips for Working with Sponsors, Irwin, Alisa, CHS 17-323, April 5, 2012

Collaborative Institutional Training Initiative (CITI): Online course offerings in the responsible conduct of research for investigators and staff are available at: https://www.citiprogram.org/

Health Insurance Portability and Accountability Act (HIPAA): Online training in policies/regulations pertaining to patient confidentiality is available at: http://hr.healthcare.ucla.edu/hipaa2/main.asp. The website requires a valid UCLA ID number.

Charles Drew University

On Being a Scientist-- the Scientific Method/Research Misconduct Instructor: Laidlaw, Stewart, PhD Term: Fall Quarter Description: Responsibility of a scientist with regard to conduct of research. Audience: Investigators and research staff Parking: Student/staff

- Review of misconduct, including falsification, fabrication and plagiarism
- Regulatory response to instances of scientific misconduct
- The Institutional position including its assurance
- Role of the Ethical Standards in Research Committee.

Protecting Study Volunteers in Research Instructor: Laidlaw, Stewart, PhD, Term: Fall Quarter Description: Human Subjects’ protection Audience: Investigators and research staff Parking: Staff/student

- Historical perspective, ethical response, regulatory response, institutional review boards, informed consent, applying and interpreting the regulations, special protections for vulnerable subjects
Practical Issues in the Conduct of Research  
**Instructor:** Laidlaw, Stewart, PhD  
**Term:** Fall Quarter  
**Description:** Data acquisition, management, sharing and ownership, mentor/trainee responsibilities, publication practices, responsible authorship, peer review, collaborative science  
**Audience:** Investigators and research staff  
**Parking:** Staff/student

---

**Introduction to Ethics in Research**, Finder, Stuart, PhD

**Ethics in Human Subjects Research**, Olacsi, Gordon and Stella, Rebecca Flores

**Data and Safety Monitoring**, Kan, Brian, MD

**Issues in Animal Research**, Young, John, DVM

**Genetics and Privacy Issues in Clinical Research**, Raffel, Leslie, MD

**You are the Reviewer-- IRB Assessment of Research**, Stella, Rebecca Flores and Raffel, Leslie

**Conflict of Interest in Research**, Blake, David C

**IRB 101 - The Basics for New Researchers**, Olacsi, Gordon and Stella, Rebecca Flores

**CITI Training: Biomedical Researcher**

**CITI Training: Good Clinical Practice**

**CITI Training: Responsible Conduct of Research**

**IRB Workshop: Maintaining Confidentiality of Research Data**

**IRB Workshop: Common Audit Findings of 2012**

**IRB Mini-Workshop: Off-Label Use of Drugs and How it Relates to Standard Treatment**

**IRB Mini-Workshop: Clinical Trial Monitoring**

**IRB Mini-Workshop: Recent Audit Findings - Case Studies**

---

*For additional questions regarding the above courses in responsible conduct of research, please contact The UCLA CTSI’s Regulatory and Research Ethics Program at 310-206-9903 or ssanders@mednet.ucla.edu*
