UCLA-Westwood

UCLA is the second-oldest campus of the UC system. It offers 422 undergraduate and graduate degree programs in a wide range of disciplines. With an approximate enrollment of 30,000 undergraduate and 13,000 graduate students, UCLA has the largest enrollment in the UC system and received over 119,000 applications resulting in being the most diverse pool of applicants for fall 2016.

The university is organized into six undergraduate colleges, eight professional schools, and four professional health science schools. Fourteen Nobel laureates (seven professors and seven alumni) have been affiliated with the university as faculty, researchers, or alumni. Among the current faculty, 50 are members of the National Academy of Science; 30 are members of the National Academy of Engineering; 37, the Institute of Medicine; and 132, the American Academy of Arts and Sciences. Three professors have won Pulitzer Prizes for general non-fiction or history.

In 2017, UCLA ranked 14th in overall global rankings and in 2016 UCLA ranked 13th for reputation in the Times Higher Education World University Rankings.

In U.S. rankings in 2016, US News & World report ranked UCLA 2nd among public universities (tied with the University of Virginia) and 24th among national universities (again tied with University of Virginia). UCLA took the 9th spot among all universities for research spending in the sciences and engineering during the fiscal year 2015, according to a report by the National Science Foundation, the last year for which data is available. In FY16, UCLA ranked 14th in NIH funding, with 836 awards totaling $381,047,599.

In the 2017 edition US News & World Report, UCLA Medical Center was ranked “Best in the West” for the 28th consecutive year while simultaneously being ranked No. 1 in Los Angeles and No. 2 in California. It was also ranked 7th in the Nation in "Best Hospitals" report based on 16 different disciplines that vary from patient care to “quality, safety, efficiency and reputation.” UCLA Medical Center was also in the top 3% of institutions who were ranked as top in the nation in specialties including 15 adult specialties (Cancer, Cardiology & Heart Surgery, Diabetes & Endocrinology, Ear, Nose & Throat, Gastroenterology & GI Surgery, Geriatrics, Gynecology, Nephrology, Neurology & Neurosurgery, Ophthalmology, Orthopedics, Psychiatry, Pulmonology, Rheumatology, and Urology) and 9 pediatric specialties (Cancer, Cardiology & Heart Surgery, Diabetes & Endocrinology, Gastroenterology & GI Surgery, Neonatology, Neurology, Neurology & Neurosurgery, Orthopedics, and Urology).
